## THE SYSTEM

---

The revolutionary X-Pand System unites function with design. This innovative collection of tables and benches holds an attractive and unique system which allows you to expand your table setting and seating arrangements without the need for leaves - in just a few seconds. The System, with its decorative design element, will delight your guests and make entertaining much easier, especially when space is limited.

The first tables and benches that can be increased easily.  
With only one handle -  
without an additional top,  
without assistance of others,  
without clearing the table.
